Core Competencies: Full Stack Web Development, Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Agile/Scrum

WORK EXPERIENCE

Codec Technologies Pvt. Ltd. Oct 2026 – Oct 2026
Full Stack Developer Intern *Remote, India*

- Completed an AICTE & ICAC approved industrial internship (AICTE ID: CORPORATE6759d549ce59e1733940553) focused on modern MERN stack web application engineering.
- Engineered 12+ reusable, component-driven user interfaces using React.js, JavaScript (ES6+), and Tailwind CSS, reducing redundant code and improving UI render speeds.
- Developed and tested secure RESTful APIs using Node.js and Express.js, integrating MongoDB databases for CRUD operations and collaborating via Git and GitHub.

TECHNICAL PROJECTS

TwinMarket – Virtual Business Simulation Platform | *React.js, Tailwind CSS, Recharts, Vite* Oct 2026

- Architected a client-side digital twin simulation and decision intelligence platform modeling retail economics, dynamic pricing strategies, and competitor behavior in real time.
- Engineered mathematical simulation engines for Price Elasticity of Demand (PED), simulating 4 consumer buyer personas and 3–5 competing AI storefronts using game-theoretic models.
- Built an executive analytics dashboard using Recharts for 12-month financial forecasting, an enterprise 5×5 risk matrix, and a conversational AI business advisor monitoring 8 core KPIs.

Student Progress Tracker | *Kotlin, Android, SQLite* Sep 2025

- Developed a native Android application in Kotlin and SQLite to track academic GPA trends, attendance, and exam performance across multiple academic semesters.
- Designed clean, modular UI screens following Material Design guidelines with local SQLite persistence, optimizing query execution for offline historical tracking.
- Integrated dynamic chart-based visualizations to present real-time semester progress analytics, improving data interpretability and academic performance tracking.

EDUCATION

Centurion University of Technology and Management, Bhubaneswar 2023 – Present
Bachelor of Technology in Computer Science and Engineering *Odisha, India*

Vikash Higher Secondary School, Baragada 2020 – 2022
Higher Secondary Education (Physics, Chemistry, Mathematics, Information Technology) *Odisha, India*

Panchayat (Govt.) High School, Kandapala 2018 – 2020
Matriculation (BSE Odisha) *Odisha, India*

CERTIFICATIONS

- Neo4j Certified Professional
- Python for Data Science Certification
- GeeksforGeeks – CUTM Training Program
